CONFERENCE PROGRAM

Our  
Roots  
Grasped  
a  
New  
Soil.

2025

Camp Kiesel  
Huntsville, UT

# WELCOME

Welcome to the 2025 annual UCYPAA in Huntsville, Utah. This year's theme, "our roots grasped a new soil" serves to highlight the transformation recovery has sparked in the lives of each alcoholic who thoroughly follows this path. That which we have seen in ourselves and in the newcomer that sticks around long enough. The purpose of UCYPAA is "to carry the message of Alcoholics Anonymous through its planning and hosting an annual Conference for young people in AA. The Conference provides an opportunity for AA members, regardless of age, to come together and share their experience, strength and hope as members of AA. To bring young people into the mainstream of Alcoholics Anonymous through service to the conference committee. Our hope is that Conference attendees return to their home groups better prepared to welcome young people into their local AA community."

I want ya'll to know that each member of the 2025 UCYPAA Host Committee has donated their last brain cells to fundraise, collaborate, outreach, plan, dream, and curate this campout for the sake of service and a weekend of fellowship and fun. I would like to personally thank each member of the UCYPAA 2025 Host Committee for their tenacity, hard work, and dedication to put on this year's conference. I would literally donate my left tit for each and every one of them. No questions asked.

My only hope is that you find a little time to connect with your higher power and another alcoholic this weekend. And of course, have a blast, dance your ass off, and celebrate being young, sober, and free. Also, I curse you to get bit by the YPAA bug just like little newcomer Riley at her first YPAA conference, SWACYPA8 2021 in St. George, Utah. It has made all the difference in my recovery. Who woulda thunk my ass would be trusted to chair a committee but here we are.

Live, laugh, leave me alone,  
Riley S. UCYPAA 2025 Chair

"It began to look as though religious people were right after all. Here was something at work in a human heart which had done the impossible. My ideas about miracles were drastically revised right then. Never mind the musty past; here sat a miracle directly across the kitchen table. He shouted great tidings. I saw that my friend was much more than inwardly reorganized. He was on a different footing. His

The UCYPAA Host Committee would like to remind you that in order to have an excellent time this weekend, we must first be safe. We are all responsible for creating a culture of respect and safety. If at any point you feel unsafe—whether physically, emotionally, sexually, or spiritually—please reach out to a host committee member. We are here to listen and promise to handle any situation with compassion, respect, and discretion. We are all in this together so let's practice these principles in all our affairs.

## ANONYMITY STATEMENT

The Twelfth Tradition tells us that "anonymity is the spiritual foundation of all our traditions" while the Eleventh Tradition specifies that "we need always maintain personal anonymity at the level of press, radio, and films." As such, while using social media, we respectfully remind you of your responsibility to both your own and other members' anonymity. If we break our own anonymity, we may inadvertently break the anonymity of other members.
