- Inreach idea to get us all going – [REDACTED]
 - [REDACTED] helped me create a [chart](#) for people to sign up for at least one meeting/facility to be in charge of inreaching there. Putting up a flyer and announcing the conference and events! This CANT be a home group you already attend. You only need to visit once a month, not regularly. This will help us spread the word to more meetings regularly aside from meeting bombing.
 - I am going to speak to a close friend I have at Balance House to see if they are interested in any UCY participation this year. Or to see if we can go there and talk about YPA.
 - Would like more printed copies to take places! Need to reach out to [REDACTED] to ensure that the flyer has the correct QR code on it. (Laminated copies don't work anymore)
